- Humanities Abstracts
- LISTA
- Medline
- Military & Government Collection
- Primary Search
- Psycharticles
- Psycinfo
- Readers' Guide Abstracts
- Social Sciences Full Text
- SportDiscus
- Teacher Reference Center

Simple steps to access any Ebscohost database

1. Go to the library website at <http://yukoncollege.yk.ca/library>
2. Click on “Find Articles: All Databases” to see a full list of databases
3. Click on the Ebscohost database name you wish to search (see list above) and then click on the Ayamdigut link (if you are in Whitehorse), or the Off Campus Link if searching from home.

Search screen

The screenshot shows the EbscoHost search interface. At the top, there is a search bar with a "Search" button (callout 1) and a "Choose Databases" link (callout 2). Below the search bar are links for "Search Options", "Basic Search", "Advanced Search", and "Search History". A red message says "Please enter search term(s)".

The "Search Options" section is expanded, showing "Search Modes and Expanders" (callout 3) with radio buttons for "Boolean/Phrase" (selected), "Find all my search terms", "Find any of my search terms", and "SmartText Searching". There are also checkboxes for "Apply related words", "Also search within the full text of the articles", and "Apply equivalent subjects".

The "Limit your results" section (callout 4) includes checkboxes for "Full Text" and "Scholarly (Peer Reviewed) Journals". There is a "Publication" text box and a "Number of Pages" dropdown menu. On the right, there are "References Available" and "Published Date" (Month and Year dropdowns). A "Publication Type" dropdown menu is open, showing options: "All", "Periodical", "Newspaper", and "Book". Below that are "Image Quick View" and "Image Quick View Types" checkboxes for "Black and White Photograph", "Color Photograph", "Graph", "Map", "Chart", "Diagram", and "Illustration". A "Search" button is at the bottom right.

1. Search box: enter your keywords to begin a search. Use Boolean operators (AND, OR, NOT) for better results. Check the [Boolean Operators](#) handout to see how it works.
2. Choose the databases you wish to search; hover over the callout icon to see details of each database.
3. Search options
 - a. Search modes and expanders:
 - i. Boolean/Phrase: standard options; use Boolean operators (AND, OR, NOT) for better results.
 - ii. Find all my search terms: inserts automatic “and” between search terms.
 - iii. Find any of my search terms: inserts automatic “or” between search terms.
 - iv. Smart text searching: enter as much text as you want - a phrase, a sentence, paragraph, or even whole pages.
4. Limit your results

Limit your results by full text, scholarly articles, publication date, publication type, or quick view images availability. Once you’ve chosen your options, click Search.

Results screen

The screenshot shows the Yukon College Academic Search Complete interface. At the top, there is a navigation bar with options like 'New Search', 'Publications', 'Subject Terms', 'Cited References', and 'More'. A search bar contains the query 'ravens AND crows' and a 'Search' button. Below the search bar, there are options for 'Basic Search', 'Advanced Search', and 'Search History'. The main content area displays 'Search Results: 1 - 50 of 122' and lists several results. The first result is 'Socially Driven Consistent Behavioural Differences during Development in Common Ravens and Carrion Crows.' by Miller, Rachael, et al. The second result is 'Brains, tools, innovation and biogeography in crows and ravens.' by Jönsson, Knud A., et al. The third result is 'Raven vs. Crow.' by McNamee, Gregory. The fourth result is 'RAVENS AND CROWS IN IRON AGE AND ROMAN BRITAIN.' by Serjeantson, D., et al. The 'Refine Results' sidebar on the left allows users to filter results by 'Current Search' (Boolean/Phrase: ravens AND crows), 'Limit To' (Full Text, References Available, Scholarly Journals), 'Publication Date' (1933 to 2016), 'Source Types' (All Results, Academic Journals, Magazines, Book Reviews, Newspapers, Trade Publications), and 'Publication' and 'Subject' filters. A 'Quick View Images' section on the right shows thumbnail images for the first result.

1. Title of the article. Click on the title to view the article full text (or abstract when full text is not available).
2. Hover over the magnifying glass icon to preview the article's abstract and keywords.
3. Folder: allows to select articles for later viewing, or to create a list of selected articles. In order to save selection, remember to **sign in** in the top toolbar. Use your Ebscohost account or create a new one from the sign in page.
4. Refine results: filter results by full text availability, type of article, subject, geography, and other options.

Viewing, saving, printing articles

The screenshot shows a web browser displaying a PLOS ONE article. At the top, a blue navigation bar includes links for 'Result List', 'Refine Search', and 'Download PDF', which are circled in yellow and labeled with a '1'. The article title is 'Socially Driven Consistent Behavioural Differences during Development in Common Ravens and Carrion Crows'. On the left, a sidebar titled 'Inside this work' (labeled with a '3') lists other articles from the same publication. On the right, a vertical toolbar (labeled with a '2') contains icons for printing, email, folder, citation, export, permalink, and social media sharing.

1. Options to return to the result list, refine your search, or download PDF
2. Use the printer icon on top of the page to print the whole article. Use the page/arrow icon to download the article.
3. **Inside this work** allows you to navigate other articles in the same publication. Simply click on the links of the list to see other articles.

-  Print citation (not full text)
-  E-mail article & citation
-  Add to folder
-  Cite this article
-  Export citation to a citation
-  Article permalink
-  Share article on social media
